

At the University of Göttingen -Public Law Foundation-, Institut für Astrophysik und Geophysik, there are 2 positions as

**Postdoc (all genders welcome)**  
**Entgeltgruppe 13 TV-L/100%**

to be filled. Starting date is as soon as possible. The positions are limited for 3 years.

The positions will be offered in the area of cosmology within the research group on Astrophysical Cosmology led by Prof. Jens Niemeyer. The positions are available immediately and the starting date as soon as possible. The positions offer the opportunity to pursue the goal of habilitation.

The main research interests of the group lie in cosmological structure formation, axion dark matter and physics of the very early universe. We are involved in the development of cosmological simulation codes and the HETDEX collaboration.

The applicant is expected to have a Master's degree or equivalent and a PhD degree in physics or astronomy and a background in one or more of the scientific areas of the research group or a closely related field. Expertise in scientific computing is required. The successful candidate is expected to contribute to the academic life of the IAG through teaching and the supervision of students. The applicant will be involved in international collaborations and will be encouraged to participate in science teams of future astrophysical observing facilities. Teaching duties according to §31 NHG will be required.

The application should include a CV, a list of publications, a brief description of previous research experience and current interests as well as a list of three contacts for letters of recommendation.

The University of Göttingen is an equal opportunities employer and places particular emphasis on fostering career opportunities for women. Qualified women are therefore strongly encouraged to apply in fields in which they are underrepresented. The university has committed itself to being a family-friendly institution and supports their employees in balancing work and family life. The University is particularly committed to the professional participation of severely disabled employees and therefore welcomes applications from severely disabled people. In the case of equal qualifications, applications from people with severe disabilities will be given preference. A disability or equality is to be included in the application in order to protect the interests of the applicant.

Please upload your application in one pdf file including the usual documents until 12/1/2023 on the application portal of the university using this link: <http://obp.uni-goettingen.de/de-de/OBF/Index/74234>. For more information get in touch with Jens Niemeyer directly via E-Mail: [jens.niemeyer@phys.uni-goettingen.de](mailto:jens.niemeyer@phys.uni-goettingen.de), Tel. +49 551 3928501 .

**Please note:**

With submission of your application, you accept the processing of your applicant data in terms of data-protection law. Further information on the legal basis and data usage is provided in the [Information General Data Protection Regulation \(GDPR\)](#)
