

At the University of Göttingen -Public Law Foundation-, Department für Agrarökonomie und Rurale Entwicklung, there is a position as

Post-Doctoral Researcher in Economics of Sustainable Agri-Food Systems (f/m/d)
Entgeltgruppe 13 TV-L/100%

to be filled. Starting date is 9/1/2025. The position is limited to 08/31/2028.

This is a full-time position (100%, currently 39.8 work hours per week) for three years, with the possibility to extend for up to three more years according to the WissZeitVG (the German public law for employees in the academic sector). The salary is in accordance with the German public service salary scale E13 TVL. This is a qualification position for a junior researcher pursuing an academic career after the PhD degree. This position is part of the Chair of Economics of Sustainable Agri-Food Systems (Professor D. Läpple) and is available from September 2025 or afterwards.

The post-doctoral researcher will plan and implement agricultural economics research and teaching related to issues of sustainable agri-food systems including consumer choices. Current research projects at the Chair focus on climate change mitigation and sustainable production in the agri-food sector, farm decision-making, agricultural extension, and animal welfare. The research projects are based on primary data collection (i.e. surveys and economic experiments) and analysis of secondary (farm-level) data. The candidate is expected to participate in existing projects but also to develop own initiatives for new projects on related topics.

We are looking for a candidate, who fulfills the following requirements:

- PhD degree (or close to completion) in agricultural economics or economics, or related discipline
- Evidence of research activity (publications) and/or future scholarly output (working papers, etc.)
- Research agenda focusing on agriculture and/or food in developed countries
- Strong quantitative and data analysis skills
- Excellent English language skills
- Interest/experience in teaching and MSc and BSc theses supervision
- Excellent communication skills (oral, written, presentation, etc.)

In addition, the following are desirable requirements:

- Experience with economic experiments and/or survey design
- Good understanding of the (EU) agricultural sector and sustainable production
- Excellent organizational and administrative skills including a proven ability to work to deadlines

We offer:

- An international, interdisciplinary, flexible and motivating work environment
- Participation in international conferences
- The possibility to pursue your own career development

The main tasks of the position include:

- To conduct research within the themes of the Chair 'Economics of Sustainable Agri-Food Systems' incl. data collection, analysis, presentation and publication of results
- To contribute to teaching of the Chair incl. supervision of BSc and MSc theses
- To contribute to the general running and organization of the group

The position is based in Göttingen (Germany).

Your application should include: A letter of interest, CV, a copy of PhD transcript, and names and contact details of two references

Further details can be found on our [website](#) and questions can be directed to Prof. Dr. Doris Läpple, doris.laepple@uni-goettingen.de

The University of Göttingen is an equal opportunities employer and places particular emphasis on fostering career opportunities for women. Qualified women are therefore strongly encouraged to apply in fields in which they are underrepresented. The university has committed itself to being a family-friendly institution and supports their employees in balancing work and family life. The University is particularly committed to the professional participation of severely disabled employees and therefore welcomes applications from severely disabled people. In the case of equal qualifications, applications from people with severe disabilities will be given preference. A disability or equality is to be included in the application in order to protect the interests of the applicant.

Please upload your application in one pdf file including the usual documents until 5/31/2025 on the application portal of the university using this link: <http://obp.uni-goettingen.de/de-de/OBF/Index/75916>. For more information get in touch with Doris Läßle directly via E-Mail: doris.laeppele@uni-goettingen.de, Tel. 0049 551 3924806 .

Please note:

With submission of your application, you accept the processing of your applicant data in terms of data-protection law. Further information on the legal basis and data usage is provided in the [Information General Data Protection Regulation \(GDPR\)](#)
